The BarrelQ Company

The BarrelQ Company is the market leader in the production of customised barrels for commercial use, and has been for over a decade. We specialise in creating branded products tailored to any vision or scale, delivering durable, high-quality products designed to stand the test of time.

Our Craft

Each product we manufacture and put on the market, undergoes rigorous testing to ensure it not only delivers on performance but also aligns with our commitment to responsible sourcing and production practices. Our focus on sustainability means we actively seek ways to minimise our environmental impact, ensuring that our operations respect the planet as much as they respect our customers.

Our Passion

The BarrelQ Company's passion is customisation. We realise that every client has different needs and strive to meet those needs. To do so we developed a vast range of customisation options.

If you have something in mind that isn't findable in our catalogue or on our website, feel free to challenge us. We are always looking for the next big thing.

Our Verifications:

The BarrelQ Company is SMETA 4P certified.

All wood used is FSC certified.

Note: Images shown above represent the most commonly used barrel for each size. Actual appearance may vary slightly depending on branding and usecase. We will always provide a mockup that visualises what your custom barrels will look like.
Note: The XL Barrel is always a closed barrel. It can't be a bin, BBQ, or botanical.

Barrel Branding

The BarrelQ Company offers three kinds of barrel branding: Vinyl, solid-colour and full-colour branding. No Matter what branding option you choose, we will always make a mockup of your design for a final approval.

Vinyl

Barrel Colour: Black or white.

Branding: Logo between the beads, multi-coloured.

What we need: A logo file (.ai .eps .pdf .svg) and optional logo guidelines.

Solid-Colour

Barrel Colour: RAL colour of your choice.

Branding: Logo between the beads, single colour.

What we need: A logo file (.ai .eps .pdf .svg) and a RAL colour for both the logo and the barrel. We can help you find the perfect RAL colour.

This branding option has a higher M.O.Q.

Full-Colour

Barrel Colour: Full-colour.

Branding: Full-colour design.

For full visual impact, nothing beats full-colour, our signature way of branding barrels. To create full-colour barrels we print designs directly onto the steel sheets that get turned into barrels.

What we need: All we need for this revolutionary printing technique is your design, which you can easily create using our template.

Not a designer? We can create designs for you. This does require print quality assets.

Oak Barrels

Made In Europe

Our oak barrels are fully made in Europe.

Second Hand

Our oak barrels are used for fine wine and spirits before we give them a second life.

Professionally Treated

Our oak barrels are carefully washed, sanded, and moisture treated to ensure a clean and refined product that's built to stand the test of time.

How To Brand

Colour the Barrel

Colour the barrel in up to 3 colours.

Colour the Hoops

Hoops can be coloured with the body, coloured separately, or polished and left in original condition.

Add a Logo

Add your logo, either small (middle section), or large (as large as you like). You can also add your logo to the top of the barrel.

Full-Colour Band

For something truly special we offer a full-colour middle band.

Barrel Customisation

Bin Lids

Lid With Opening
Our default variation. Barrel with a hole lasered into the lid.

Flame Retardant Lid
Aluminium flame retardant lid. A requirement to meet safety standards in places, namely schools. Easy to hide trash bags under.

Custom Lasered Lid
Barrel with a custom shape lasered into the lid. Great to indicate what kind of trash should go into the bin.

Tabletop Lid
A lid with hole in it, topped with any of our tabletop options.

Barrel Customisation Seats

Storage Barrel Seat (Lidded)

A 60L lidded barrel with a removable cushion.

Classic Barrel Seat (Closed)

A 60L barrel with the cushion mounted on top.
More stylish, but less functional than the storage barrel seat.

Cushion Engraving

The cushion can be engraved.
Quantities on request.

Cushion Colour

The colour of the cushion is customisable in different colours.
Quantities on request.

Add-ons For All Barrels

Lid Sticker
Customise the top of the barrel with a lid sticker.

Anti Theft Hook
A hook installed into the barrel, making it easy to secure.
Great for outdoor use.

Protector Strip
A rubber strip installed on the bottom of the barrel.
Ensures better protection against scratches for your floor and tiles.

Wheels
A great addition to barrels that need to be moved around frequently.
Comes with 4 wheels per barrel.

Barrel Customisation

Add-ons For Some Barrels

Teppanyaki Plate (BBQ Barrel Only)
A different grilling surface for the BBQBarrel.

Wireless Charger (Table Barrel Only)
Add-on that makes your tabletop a wireless charger.
